RE: [REDACTED]

De: [REDACTED]

In reply to your letter dated January 31, 2006 and our telephone conversation on February 16, the following addresses the requested information about the Tove Jensen photoset(s) and movie(s).

All material produced with that particular model was created 28 years ago in 1978 and 1979 by "Candy Films", a subsidiary of Color Climax Corp., Denmark.

Candy Films itself ceased to exist 23 years ago, in 1983.

While we appreciate [REDACTED] dilemma, we simply do not have any records of Tove Jensen dating back some 28 years. Please know however that Color Climax has always used a strict company policy of only hiring models of 18 years of age or older.

As Candy Films no longer exists, we are also unable to contact the original producer for any information.

Furthermore, Digital Palette Inc., as administrator of the Color Climax Website, is considered a 'secondary producer' per United States Code Title 18, Section 2257, and as such, is only required to maintain detailed model records for any material posted to the website which was produced after July 3rd 1995.

I regret we could not be of further assistance.

Sincerely,

Thom Flies
CEO Digital Palette Inc.
